① 处理第一块
s = 0，V = 1
m = 0，ℓ = 1，u = 1
② 读入第二块
s = ln 2，V = 3
m′ = ln 2，r = 1/2
旧 ℓ、u 同乘 1/2
③ 加入第二块
ℓ′ = 0.5 + 1 = 1.5
u′ = 0.5 + 3 = 3.5

全部块处理完：u′ / ℓ′ = 7/3
